How to Change your myNYITmail Password

1. Go to: [https://register.nyit.edu/reset](https://register.nyit.edu/reset).
   Note: Ellis students must check the box indicating "I am an Ellis College student."

2. Enter your Student ID number and last name.
   Note: Ellis students must check the box indicating "I am an Ellis College student."
3. Enter the code exactly as it is shown in the box. Note that the answer is case-sensitive.

4. The system will provide you with a username. Your myNYITmail e-mail address is your username followed by @nyit.edu (example: jdoe01@nyit.edu). You will also be asked to set a secret question/answer pair.

5. Please select your secret question/answer pair.
6. You will then be prompted to create an alphanumeric password.

7. After your password has been reset successfully, an e-mail will be sent to your current e-mail address.

8. To access your myNYITmail account, go to http://mymailg.nyit.edu
